is save by telegraph. A large porgation too hazardous. Unless there a frost that will freeze the Missis-

once hat year little debt. But take the play deep enough to admit of travelling upon the fee, St. Louis will remain a with the State.

The Beneval of General Major.

Eighteen menths ago Andrew Johnson was processing his purposes to give the effices to the soldiers. In his species, while wringing around the circle, he saids he would "kick out" the Radical office he debt paying people!

The Latest Democratic Here, The Latest Democratic Americans are not a dubt-paying people!

The Latest Democratic Office the state have simpled on the 15th of April, or the would we sent into him. He then receeded to disrigulate the whole revenue should be sent into him. He then receeded to disrigulate the whole revenue should be sent into him. He then receeded to disrigulate the whole revenue should be sent into him. He then receeded to disrigulate the whole revenue should be sent into him. He then the prince, and appointing men without experience, and requently without charge, to their places. It is note to say that the execution of Mr. Johnson's threat, this regard, has cost the country more revenue in each and every month than the entire expense of the Precedure's Bureau, about which he is always bewrising, during the wind he is always bewrising, during the wind, he is always bewrising, during the wind, he is always to be will be sent him before form a sent he did not hook very well to their public wind has just the appointment of T. J. Kinsch has just the appointment of T. J. Kinsch has just the appointment of T. J. Kinsch has Collector of Internal Herenat he wind the in plants to confirm the new appointment. The public are my district the sent him because the honest tax bayer. It is to be observed, however, that the collection to precise the honest tax payer. It is to be observed, however, that the collection to proceedened which Mr. Kinnelli can claum over the processed by the latter than the first of the constraint of the constraint of the processed by the former in the present of the thin of the constraint of the constrain

by a promise to pay money—as far as the holder and maker are concerned. The greenbacks outstanding (including the people of the State, seem to imaging one points of constitute one sixts part of the state, seem to imaging the whole mational debt. The essential lative Committee, concerning the affirm the whole sutional debt. The essential difference between them and bonds is, that the fatter draw interest and are due to ear actuary day, while the former draw no interest, and are due now—due when one presented for payment. When the government pays a debt with gold or effect of the fatter debt is forced in the space of a third of a column it is provided by the debt is forced in the space of a third of a column it is provided by the debt is forced in the space of a third of a column it is burly possible that the Trustees are debt with greatestax the force of the Legislature, beside Genobligation with greenbeaks, the form of
